Built Environment Working Group Terms of Reference Review

Sam Hopkins

Chair

BOS Built Environment Working Group and Associate

Arup

BEWG Terms of Reference

Role/Purpose

- Support clients, contractors, manufacturers, & suppliers
- Facilitate a shift from traditional construction to greater use of pre-manufacturing
- Unlock the potential of construction industrialisation
- Increase productivity & reduce embodied & operational carbon

Membership

- Manufacturers & Suppliers of MMC Categories 1,2,3 & 5
- Client & construction companies committed or interested in Offsite
- Companies researching Offsite & challenging preconceptions

BEWG Terms of Reference

Focus Groups

- Residential – Houses, Flats, Hotels, Hostels, SLA & Prisons
- Commercial – Offices, Retail, Leisure & Industrial
- Non-Commercial – Healthcare, Education, Justice & Defence
- Infrastructure – Road, Rail, Sea & Air
- Utilities – Water, Power, Communications & Gas

BEWG Terms of Reference

Objectives

- Fostering collaboration between Group members & other parties
- Endeavouring to remove obstacles preventing the use of Offsite & MMC
- Maintaining focus on the overarching objectives of BuildOffsite seeking to influence factors outside the Working Group's control
- Participating in events to share knowledge & foster a smarter way of working
- Collaborating with CIRIA in the furtherance of researching & publishing papers & standards on topics relating to Offsite, MMC & Carbon Reduction
